

Updating from the MyCurtains App to the New Current Luxury App

Install the New Current Luxury App

Please go to the app store or google play store and download/install the “Current Luxury” app.

Once you have this installed please sign in with your existing account details.

Put Bridge in learn mode

Press and release the button on the back of your bridge.

Connect the Bridge

In the app under devices, hit the + sign. The bridge will show up in the unlearned devices. Tap the bridge you'd like to learn.

Connect your bridge to your local wifi.

Connect to Wi-Fi

Choose from the list of available Wi-Fi networks to connect the bridge and enter the Wi-Fi password.

Devices

All of your devices will now show up in the devices tab.
